Technical drawing of a perforated metal plate. The plate is rectangular with a grid of circular holes. Dimensions are provided in millimeters (mm).

Overall Dimensions:

- Width: 607,5 mm (indicated by a red dimension line)
- Height: 945 mm (indicated by a red dimension line)

Internal Dimensions and Spacing:

- Distance between hole centers (pitch): 75 mm (horizontal), 75 mm (vertical)
- Radius of the corner: R 20
- Distance from the top edge to the first row of holes: 37,5 mm
- Distance between rows of holes: 12,5 mm
- Distance from the bottom edge to the last row of holes: 10 mm

Grid Dimensions (from top-left corner to the center of the last hole):

- Horizontal distances: 945, 870, 795, 720, 645, 570, 495, 420
- Vertical distances: 587,5 (indicated by a blue dimension line)
